EDUCATION

Bachelor of Technology in Computer Science & Engineering | 2022-2026
Tulsiramji Gaikwad-Patil College of Engineering & Technology, Nagpur.
- Relevant Coursework: Data Structures and Algorithms, Database Management Systems (DBMS), Frontend Development (Ongoing), Web Technologies.
- CGPA: 6.84 / 10 (Till 5th Semester)

RESEARCH INTEREST

- Web Development and User Interface Design
- Human-Computer Interaction (HCI)
- Responsive and Accessible Web Design
- Frontend Frameworks and Performance Optimization
- Software Engineering Best Practices
- Java-Based Application Development
- Emerging Web Technologies and Trend

PROJECTS

Portfolio Website (Personal Project)
Technologies: HTML, CSS, JavaScript
- Created a fully responsive personal portfolio showcasing skills, projects, and contact information.
- Emphasized modern UI/UX design principles and cross-device compatibility.
- Optimized website performance and loading speed.

Online Dictionary Web App (In Progress)
Technologies: HTML, CSS, JavaScript (Planned integration with API or local storage)
- Building an offline-capable dictionary app supporting multiple languages.
- Focused on clean UI, efficient search functionality, and future scalability.
